PROGRAM:

Glenwood (Autism Services) - Shonda Daniel & Whitney Salts
Autism touches the lives of so many families across the world. Glenwood serves children with Autism and their families. Started in 1974, they provide support, training, and an outlet for these children and families. Their mission is to enable the lives of their members to their fullest potential. They mainly serve Autism needs but other mental health issues as well. Glenwood opened the very first school for Autism in the state of Alabama. In 2019, they opened their outpatient services building in Avondale. They provide 35 hours of schooling per week to help children with autism transition into public schools. They currently have over 80 adults enrolled in their program as well (Not just children). These folks do the most rewarding work and love what they do. Their Pecan Sale is the largest fundraising event they have every year. All proceeds from their pecan sales go directly to the organization. The Pecan Sale begins soon and they encouraged all of the CSC members to place orders. The order form was sent out earlier in the week and is also located in their brochure. These ladies gave a great program.

SERGEANT AT ARMS: Jeff Phillips - He got the whole room (Brutal)
