PROGRAM: Kyle Moon - Alabama Aquarium & Pond Services. Kyle started off by thanking his parents for attending and always being there for him. The company was founded in 1987 and started as a tropical fish store. Kyle began working closely with his dad at 8 years old and has been around the business ever since. His mother quit her job to help run the financial side of the business and is still involved today. The company has grown from one van to 14 trucks since it started. They specialize in Aquarium maintenance. They build Coral Reefs & Living Artwork. It is the definition of a luxury service. Kyle showed a slideshow of some of the projects they have done throughout the years. Kyle gave an excellent program and was very impressive with his delivery and execution.

SERGEANT AT ARMS: Brian Lindsey
