**PROGRAM:**

Tim James - Candidate for Alabama Governor. Tim is running in the upcoming election for Governor against Kay Ivey. Last time Tim spoke with our group was back in 2010 at the HCC. He complimented Gus Hogue for his obvious happiness and dedication to the CSC. Tim was called back to the political stage 2 years ago because he felt the need to engage. He stated that our nation has been in decline for the last half a century and we are losing its foundation. He feels our country has fallen into a version of Marxism and is crumbling from within. "Our country is trying to redefine schools, courts, and marriage as we know it". He fights against the liberalism that is sweeping our state and country. Tim wonders what happened to our current governor to make her so "soft". Emphasized that Alabama used to stand for what is right in the world. He feels Alabama, under his leadership, we get back on track and be able to lead the nation forward, and be an example to other states who want change. Tim says he is looking for rebels of all shapes, sizes and colors to join his cause, who carry "the fire and passion" as he does. Tim answered a brief Q&A following his program.
